DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-13, drawn to compounds in which n is 1.

Group II, claim(s) 1-13, drawn to compounds in which n is 2.

2. Having chosen one of Groups I and II, further restriction is required under 35 U.S.C. 121 and 372.

Group A, claim(s) 1-13, drawn to compounds in which Z comprises one ester group.

Group B, claim(s) 1-13, drawn to compounds in which Z comprises two ester groups.

3. The inventions listed as Groups IA-IIB do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

Any feature which unites the inventions fails to make a contribution over the prior art. All portions of the Z group are variables, except a CH group which attaches to nitrogen. In its simplest form, the feature which unites the inventions is Me₃NCH-, where the R groups are methyl, which is well known in the chemical art as, *inter alia*, a portion of the tetramethylammonium group.

4. Because the restriction is relatively complex, no telephone restriction was attempted.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i). Any inquiry concerning this communication or earlier communications from the examiner should be directed to the examiner, Dr. John R. Hardee, whose telephone number is (703) 305-5599. The examiner can normally be reached on Monday through Friday from 8:00 until 4:30. In the event that the examiner is not available, his supervisor, Dr. Yogendra Gupta, may be reached at (703) 308-4708.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (703) 308-0661.
